

To our valued customers, Millard Wire & Specialty Strip Co. will continue manufacturing, with some exceptions:

We will continue to monitor the guidance of the RI Department of Health (RIDOH), the Center for Disease Control (CDC) and other Federal government health agencies for the latest guidance on COVID-19 (Coronavirus).

**Our top priority is keeping our employees, customers, and our community safe.**

We've taken steps to avoid disruptions in service by:

- Anti-bacterial hand washing stations to be used by all employees multiple times during the day
- Educating our staff on virus protection and prevention
- Securing our building (office and factory) by not allowing non-employees in
- Our employees are not permitted to leave the premises until the end of the day
- Maintaining physical space between employees (6 feet is recommended)

We'll continue to evaluate the situation and keep you posted on any additional changes being made.
